C O N F I D E N T I A L

On August 13, 1971 Colonel M. J. Pasta, G-2, Sixth Army, San Francisco, California, telephone number 561-4493, advised there were 240 copies disseminated and that while the information is classified confidential it could be declassified for the purpose of prosecution.

On August 17, 1971, [redacted] Intelligence Specialist, DCS, INT., telephonically advised that in further checking the content of the information appearing in the "Berkeley Tribe," it was concluded that the information published therein was obtained from an electrical copy rather than from a "hard copy." He stated that there were approximately 120 electrical copies disseminated all told and that they were disseminated to four places in the Bay area: 1) the Oakland Personnel Center; 2) Oakland Army Base; 3) Sixty Army Air Defense Command (Ft. Baker); and 4) Ft. Mason.

3. Whether the classified data disclosed is accurate.

6. Whether the data has been the subject of prior official releases.

7. Whether prior clearance for publication or release of the information was sought from proper authorities.

8. Whether the material or portions thereof or enough background data has been published officially or in the press to make an educated speculation on the matter possible.

9. Whether the data can be declassified for the purpose of prosecution and, if so, the name of the person competent to testify concerning the classification.

10. Whether declassification had been decided upon prior to the publication or release of the data.

11. What effect the disclosure of the classified data could have on the national defense.

Each item listed above must be the object of specific questions to Colonel M. J. Pasta or other competent authority and results should be incorporated in a letterhead memorandum which should restate the data set forth in your referenced communication and its enclosure.

The reproduction of the release appearing in the "Berkeley Tribe" appears to contain only one paragraph which is classified, 3(c), which set forth comment of the Deputy Chief of Staff for Intelligence. All other paragraphs appear to be unclassified (as designated by the U parenthetically set forth before each paragraph).

It is noted that the reproduction of the intelligence summary was apparently of a two-page document, however, the heading of one section indicates that section appeared on page three of the summary. Ascertain from appropriate military personnel if, in fact, there is a missing page of the summary which was not reproduced by the "Berkeley

Tribe." Information called for above should be obtained at once and full details submitted in LHM so that this matter may be expeditiously presented to Department of Justice for an opinion as to need for additional investigation or whether prosecution will be entertained.

SUBJECT: CLASSIFIED INFORMATION FROM

ESP - X
OO: San Francisco

On 8/13/71, Col. M. J. PASTA, G-2, Sixth Army, San Francisco, Presidio, advised that a document classified "confidential" which is a weekly intelligence summary prepared by the Sixth Army and which is circulated within the Sixth Army Company and 240 copies are disseminated was published in the "Berkeley Tribe" newspaper for 8/14-20/71. This is a breach of the Espionage statute and Army regulations prohibiting dissemination of classified material.

Section 20P of the Manual of Instruction instructs that FBI conduct no overt investigation pending instructions from USDJ and the Bureau. Col. PASTA has been advised of this fact and stated that an intensive investigation by Army Intelligence is under way in an effort to locate the leak of this document to the "Tribe." Col. PASTA was further advised that sources and informants of the FBI, San Francisco, would be contacted to determine any information concerning this matter which may be of use to military intelligence in their investigation. b3 per army b6 per army b7C per army
